

BODY AND BLOOD OF CHRIST

JUNE 2, 2024

Having celebrated the Easter season; having rejoiced in the feasts of the Ascension, Pentecost and the Most Holy Trinity, we come to the table of the Eucharist – the feast of the Body and Blood of Christ; Corpus Christi. Gathering at the table we come to be fed, to listen to the words of Jesus in the Word and we move outward to change and encourage the world. We enter more deeply into the mystery of the Good News – reflecting on the depth and wonder of Christ's assertion that He would be with us unto the end of the age.

As we gather around the table, we are nourished by the very core of Jesus, His message, His Body and Blood. Generation after generation has gathered to be nourished – communing with us, Jesus leads us onward in all the events of our lives and all situations. United through the Eucharist, we witness our faith in what we do and say.

Our second reading today from Hebrews, boldly states:

'For this reason Christ is the mediator of a new covenant, so that those who are called may receive the promised eternal inheritance.'

Blessings of peace! Fr. Don

May the food of the Eucharist transform us into instruments of reconciliation and
Welcome.
