

**Introducing the Dr VA Snow Center's
Nursing Home Without Walls Program**

Dear Friends

The NHWW program supports older adults in the greater Hampton area who are aging in place. Through improved access and navigation assistance to government/ community social services programs, we promote healthy aging initiatives, enabling seniors to remain safe and independent at home as long as possible. There is no charge for the services offered through NHWW.

NHWW Overall Goals

- Access to supports & services to age in place
- Social health initiatives to counter social isolation & loneliness
 - Knowledge on healthy aging
- Promotion of Age Friendly Community initiatives

As the NHWW Senior's Client Coordinator, I would like to promote our NHWW program services to your agency. I have included our promotional flyer (see attachment). Please feel free to print/post or share!

I would welcome an opportunity to meet in person to exchange ideas and further discuss how the NHWW program initiatives can support Seniors in our community.

Sincerely,

Kelly Blakney BA, SSW-G
